

Babies Can Get Free Vaccines

The Vaccines for Children (VFC) program provides vaccines to children whose parents or guardians may not be able to afford them. This helps make sure that all children and teens can receive doctor-recommended vaccinations at **no cost**.

Can My Baby Get Free Vaccines?

Any child who is 19 years or younger and meets one of these requirements:

- **Medicaid-eligible or currently insured by Pennsylvania Medicaid**
- **Underinsured** (*Your child has health insurance, but it doesn't cover certain recommended vaccines*)
- **Uninsured**
- **American Indian or Alaska Native**
